XML Schema Assignment
(30 marks)

(20 marks) Create a schema file named rollno_admissions.xsd. Write schema definition for the above structure in the schema file. The elements must belong to the namespace URI of the form <http://iiitb.ac.in/rollno>.

What to upload:

Upload the schema file. Due to security reasons, the browser does not accept XML files as submissions. So, compress the file and upload the zip file.

File name: rollno_admissions.zip

[“rollno” should be replaced with your roll number in LOWER CASE]
